

Jesus reached down and began to knit together cells. He had picked a name for this tiny one..he breathed life into him, he formed his brain and his tiny hands and feet..his heart was beating, every organ in place for its purpose to his tiny body his tiny thumb found his mouth and began sucking preparing him to take nourishment from his mommy..he was growing every day even safe in his mom, he felt love, warmth and hope..Jesus watched over this tiny life, he loved him so much, he was his creation...But this mom decided she didn't want him and his life was taken, his heart ceased to beat...was he a mistake.?NO NO NO...Tears fell from heaven, Jesus wept for this tiny little man...this little one now resides with his Savior BUT he had a purpose ...thats why we are here tonight and tomorrow and every chance from now on praying to keep these babies safe and alive and given a chance..Please don't give up. This is only the beginning for us.....and our Misson here. Don't think of this as just a project..but to pro-Ject us into a future for the culture of life to take root and overcome the bad intentions of abortion.. in the hope Magee will be known as the hospital that honors life for the unborn and vows to protect them. Jeannie (friend of Meredith's)
