

40 DAYS FOR LIFE™

Ante Čaljkušić, President of 40 Days for Life in Croatia, and producer of the documentary film. "40 Days..."

National Leader from Croatia coming to Pittsburgh!

Croatia joined the "40 Days for Life" movement in 2014, having led a campaign in their first city – Zagreb. Since then, "40 Days for Life" has taken roots in whole Croatia, having grown in only 5 years to 30 cities and 32 vigils. In these 5 years more than 60 baby lives have been saved to our knowledge, but there are certainly many more. In the Fall of 2018, **Ante Čaljkušić** produced and directed a documentary film on the global phenomenon of "40 Days for Life" and its impact on Croatia called "40 days...". Since then, thousands of people have seen it not only throughout Croatia, but also throughout Europe. In June, Pope Francis was presented with a DVD version of the film, since he also appears in it. In July and August of 2019, Ante will promote the film on his tour in North and South America. The goal of the tour is to raise awareness to the abortion problem and to encourage people to never stop fighting for life.
